

## **CSEPP Symposium Concept Plan**

**St. Marks Hospital  
1200 East 3900 South  
Salt Lake City, UT  
15 April 2004  
0900-1530**

This course is designed for physicians, nurses, paramedics, response personnel and anyone with an emergency response role in a hazardous material release. Topics and objectives covered include:

**Introduction to the Chemical Stockpile Emergency Preparedness Program** – Identify the U.S. locations which have a chemical stockpile disposal program and identify the method of disposal utilized or identify the relationship to this CSEPP training. Identify the clinical signs and symptoms of chemical agent exposures and the appropriate therapeutic interventions for treating these casualties.

**Overview and Updates** -- on critical issues pertaining to Homeland Security, the Strategic National [Pharmaceutical] Stockpile, Chempack, and the bioterrorism program.

### **Accreditation:**

“The Emergency Medical Training and Preparedness Division of SAIC is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.”

“The Emergency Medical Training and Preparedness Division of SAIC designates this continuing medical education activity for a maximum of 1.0 hour in category 1 credit towards the AMA Physician’s Recognition Award. Each physician should claim only those hours of credit that he/she actually spent in the educational activity.”

“This offering has been approved for a maximum of 1.2 contact hours by the Maryland Nurses Association which is accredited as an approver of continuing education in nursing by the American Nurses’ Credentialing Center’s Commission on Accreditation.”

“This offering has been approved for up to 2.5 advanced continuing education hours by the Continuing Education Coordinating Board for Emergency Medical Services.”
